Policy Statement - COSHH

Control of Substances Hazardous to Health

Statement:

ROCKET MEDICAL plc state that, in the form supplied, both products and packaging can be considered as being *non-hazardous*.

In rare and exceptional circumstances, a product reserved for specialist applications may contain a hazardous substance and as such, **these products will be specifically labelled and contain detailed instructions citing all relevant warnings and cautions.**

Once used, the disposal of items should follow standard hospital procedures for the disposal of biohazard materials except where additional instructions are detailed on the product labelling and Instructions for Use

For and on behalf of **ROCKET MEDICAL plc**.

L. Todd
Operations Director.
