Rocket Medical[®] IPC Drainage Kits

Dear Customer,

The supplier of the drainage bag used in the IPC Drainage Kits has withdrawn supply. We are working to rectify this problem as quickly as possible, sourcing new suppliers and validating the new component.

Unfortunately, this means there will be possible pause in the availability of R51401 until we can resume normal supply.

We advise that end users order the 1 Litre drainage bottle R51411 as an alternative.

As the drainage bag has a 2 Litre capacity, it may be required to order x 2 R51411 to ensure drainage of the same volume.

CODE	DESCRIPTION	ALTERNATIVE CODE	ALTERNATIVE DESCRIPTION
