

Customer Information Bulletin

Embryon® Embryo Transfer and Trial Catheters

Dear Customer,

Due to a supplier issue, we will permanently change the colour of the marker bead on the Embryon® Genesis™, Embryon® EchoCath™ and Embryon® BulbTip™ Embryo Transfer and Trial Catheters. The marker bead colouration, going forward, will now be red.

This does not affect the performance of the device but we wanted to bring it your attention to avoid any concern.

The following products will be affected:

CODE	DESCRIPTION
R57630-00-18	Embryon® Genesis™ ET Catheter 18cm
R57630-00-23	Embryon® Genesis™ ET Catheter 23cm
