

Customer Information Bulletin

Rocket Medical® Reproductive Medicine Product Range

Dear Customer,

Due to on-going raw material supply issues and low sales, we have made the decision to rationalise our Reproductive Medicine Product Range. We apologise for any inconvenience this may cause.

Oocyte Aspiration Needles

The following needles are being made obsolete. They will be still available to purchase on a first come, first served basis, and until August 31st if stock remains.

CODE	DESCRIPTION	ALTERNATIVE CODE	ALTERNATIVE DESCRIPTION
R57602-SX-55	Embryon® II Single Lumen Needle	R57602-00-SX	Embryon® II Single Lumen Needle
R57603-SC-70	Embryon® Single Lumen Needle		
R57603-00-90	Embryon® II Single Lumen Needle		
R57603	Embryon® II Single Lumen Needle	R57602	Embryon® II Single Lumen Needle
R57611-00-90	Embryon® Double Lumen Needle	R57611	Embryon® II Double Lumen Needle

Embryo Transfer Catheters

At this time, R57635-EC-18 and R57635-EC-23. Embryon® BulbTip™ Echogenic Transfer Catheters are not available, we recommend R57630-EC-18 and R57630-EC-23 Embryon® Echocath ET Catheters as alternatives.
