

## ROCKET HOMECARE PORTAL

Dear Customer,

As part of continuous development, we have been enhancing the features and functionality of the current Rocket Homecare portal which reduces administrative burden and provides a quick, secure and auditable portal for indwelling pleural and peritoneal catheters.

The new features include:

- **Ability to create 'Additional Notes' for records**
- **Semi-automated GP Letter generation**
- **Interactive patient monitoring system for QoL and drainage volumes via SMS**
- **Critical fields of information are now mandatory**
- **Improved patient record search functionality**
- **Complex password requirements for added security**
- **Automated password reset support**
- **Audit trail of user activity**

This system update is scheduled for Friday 27th November 2020. Therefore, for all users logging in after this date will immediately be prompted with the box you see on the right for a new password as part of the security enhancements.

If you would like assistance with any of the above, please contact your local Rocket Medical representative for more information and support. Alternatively, you can call our dedicated Rocket Homecare Support line on 0191 419 6949 or email: [homecaresupport@rocketmedical.com](mailto:homecaresupport@rocketmedical.com)

You have not yet changed your password and must change it now.

Password must be minimum 8 characters and comprise 1 x Upper Case, 1 x Number and 1 x Symbol (i.e. '£').

Your new Password must differ from your most recent password.
